

Our Service

Found in 2015, we are keen on providing a professional sourcing services for our local and overseas clients who are desired for merchandising electronic and agricultural products in mainland China. For the benefit of low cost and good quality, it always provides a strong motivation for our clients to keep on outsourcing the products through our partner factories in mainland China .

Background of Partner factory

Our selected socket factory has been operating for over 18 years. The factory occupies 5000 sq meters. There are 200 skilled workforce and 10 working lines. Majority of their products obtained IEC approval, ESMA and CE certificate. The factory is ISO9000 certified. Their products are sold in the USA, Middle-east and European countries.
